

AIRBUS H125/AS350/355 & BELL 407/206L SERIES QUICK RELEASE BASKET

Request A Quote

NEW this year, **BOOST** introduces the **Cargo Basket** for the Bell 407 and Bell 206L series. Engineered for practicality and performance, the design allows operators to easily stow the OEM step while the basket is installed, keeping your aircraft mission-ready without compromise. Constructed from corrosion-resistant stainless steel, BOOST cargo baskets deliver long-term durability, strength, and value, making them a smart investment for demanding operations.

The BOOST Basket offers the largest cargo capacity of all H125/AS350/AS355 baskets available on the market today. With a cargo capacity of 500 lbs per side, the BOOST Cargo Basket is the answer to your operational needs.

Our H125 / AS350 Quick Release Cargo Basket is designed to perfectly accommodate the **CLOUDBURST 1000 L / 263 USG MULTI-DROP Bucket**. Contact us today to equip your aircraft with the ultimate firefighting combo.

BOOST Cargo Baskets are made of corrosion resistant stainless steel coated with durable white powder coat. Black powdercoat is available on request.

The baskets include the quick release mounting system that allows for installation and removal of the basket without tools, leaving the mounts in place on the helicopter.

Optional lightweight **Boarding Steps** are available to purchase.
